PREFERS INDEPENDENCE TO HIGH POSITION

The Democratic party of the Philippines will join the Nacionalista party, which is now in power, in the demand for immediate independence of the Philippines, Senator Teodoro Sandiko, only member of the Democratic party in the Philippine senate, said in an address at a luncheon at Manila. This

Hon. Sergio Osmeña, noted Filipino leader, who stated he would prefer to be humblest citizen under independence than leader under another country.

means that all political parties in the Philippines are united for independence.

The luncheon was given for members of both houses of the Philippine legislature by former Senator Gabaldon, recently chosen resident commissioner at Washington.

Sergio Osmeña, speaker of the Philippine house of representatives and head of the dominant Nacionalista party, who was recently termed "the greatest Filipino since Rizal," addressing Senator Gabaldon, said:

"We urge upon you in your capacity of resident commissioner to the United States to tell Congress and the people of that noble country that we who are gathered here today would prefer to be the lowest and humblest citizens of the Philippines with independence in our hands than the leaders that we now are in our country under the tutelage of another country."

URGE EXAMPLE OF SELF-DETERMINATION

That friends of Irish independence in the American Congress could make a more effective impression on Great Britain by granting Philippine independence than by merely expressing sympathy with Irish aspirations is the suggestion contained in a statement issued by the Philippine Press Bureau of Washington, D. C.

"Twice in a period of nine months," reads the statement, "the United States Senate went on record as being in sympathy with the aspirations of the Irish people for a government of their own choice."

"Still another way for the friends of Irish independence in the American Congress to make an impressive argument would be to grant the independence that the 10,500,000 inhabitants of the Philippines have repeatedly demanded. America's own representatives in the islands have officially reported they are ready for independence and have recommended that such independence be granted."

"We submit that the granting of Philippine independence would be likely to be accepted by Great Britain as even stronger proof of America's belief in self-determination than the passage of the Irish resolutions, because Great Britain's counselors of state could not then successfully make the point that the American Congress is asking Great Britain to do something the United States itself has been asked to do and has not done."

"The Philippine people have confidence in the word of America and hope that now that the Senate has reiterated its sympathy with the principle of self-determination it will give Great Britain and the other powers of the world a concrete example of consistency and good faith by granting Philippine independence."

YOUNG FILIPINO WON FRENCH WAR CROSS.

Gregorio Calles, a Filipino, recently returned to his Philippine home wearing a French uniform and a Croix de Guerre with palm. Calles in December, 1916, arrived in France and enlisted as a private. He made an excellent record as a soldier. At one time when all the officers of his company had been killed, he took command and led the men in a charge. He was decorated for this act of bravery by the French Government.

GETTING NEWS HARD WORK

The Higginsville Jeffersonian, commenting on the vast amount of misinformation that finds its way into print concerning any particular event or happening of more than passing interest, has this to say:

"Wm. M. Ledbetter, one time editor of the Globe-Democrat of St. Louis, made the remark to the editor of this paper when he was a reporter for that paper that the average person is full of misinformation. The case of the Odessa Bank robbery proves it. The amounts stolen have varied from \$400 to \$2000. The car that the robbers got away in seems uncertain. All reports vary. We are looking for someone to say the bandits escaped in an airplane. This all proves that you can believe nothing that you hear and only half of what you see."

"PEACE, PROGRESS, PROSPERITY," TO BE DEMOCRATS' SLOGAN

The Democratic party's campaign war chest is open to contributions of any amount, George White, chairman of the National Committee, has announced. Party leaders, White said, "will examine the source rather than the amounts of all contributions."

"Peace, Progress, Prosperity," will be the three-word slogan of the Democratic campaigners, White said, adding that with this slogan the party should be "coaxure of victory."

The new national chairman referred to Illinois, Indiana and Ohio as "the battleground" of the campaign, but he indicated that as the campaign plans developed, Gov. Cox would carry the fight direct to the people and would visit a majority of the states."
